

HYDERABAD ENT
RESEARCH FOUNDATION

119th

**HANDS-ON TEMPORAL
BONE AND FESS
LIVE SURGICAL WORKSHOP**

Workshop Dates
01 - 04 September, 2022

DR. RAO'S ENT
Sensitive to your senses

Hyderabad ENT Research Foundation in association with AOI, Hyderabad and Dr. Rao's ENT Hospitals is glad to announce the **119th Hands-On Workshop** to be held at our new premises at KPHB, Hyderabad.

We are proud to state that during our previous 118 workshops, we have trained more than 3000 ENT surgeons from all over India and across the world from countries like USA, UK, Malaysia, Singapore, Iraq, Iran and Bangladesh.

Our KPHB premises have a dedicated 6000 sq.ft floor reserved solely for research and workshops. A 12-Station Temporal Bone Laboratory with HD quality camera, mounted microscopes and a 150-seater auditorium are some of the highlights of this state-of-the-art venue.

Our sincere thanks go out to everyone for their generous encouragement and support towards our mission to develop and improve skills of junior as well as senior ENT surgeons.
